Nena,

I just left you a voicemail. Our UIC staff will be scheduling a briefing/update for AI and I will send you up the advance materials. When the lotus invite goes out, I can also ask to get you on the meeting as an FYI, so you are up to date, if you like.

Thanks,
Chrissy

Hi Chrissy - Heather Podesta reached out to the Deputy to say hello and mentioned that UEC was meeting with Region 6. I was just hoping to get a brief update on how the meeting went. I assume it went well. That said, I would appreciate a short summary.

Thanks!

Nena,

We had a meeting late last week here at Region 6 and I need to get updates from staff on that meeting today. I will give you that call I owe you just as soon as I have that info to report this afternoon.

Al -

As I suspected, Heather Podesta is really aggressive in following up on her request to meet with the Deputy on the 14th. Have you sent the letter to the State and UEC? Perhaps we can schedule a call with you and the Deputy to discuss the issue. Let me know what you think.

Al/Cynthia -

Heather Podesta emailed the Deputy requesting a meeting on December 14, 2011 for Harry Anthony, the COO of the Uranium Energy Corporation (UEC). Apparently, UEC is pursuing a uranium project in Goliad County, TX. From their perspective, the project is stalled because Region 6 did not approve the TCEQ's request for an aquifer exemption. My understanding is that UEC has talked to Region 6 and OW about this issue. I would appreciate your thoughts on whether the Deputy should take this meeting.

Thanks. Nena
